**ADMINISTRATION**

Thomas Jefferson said, "If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be." George Washington referred to knowledge as the, "surest basis of happiness."

Public free education has been an integral part of our entire national development. National leaders have come from schools like yours. The class of 1960 of Welcome may produce important national leaders of the future. It has been my aim to produce an atmosphere of learning. The tools were put in your hands with which you could fashion the skills necessary in this highly competitive civilization of ours. Your education is not complete, only begun. I hope you will continue to progress and advance in understanding throughout your entire life. I challenge you to be morally sane in your pursuit of life. However, do not become resigned to social and education stagnation. Dare to attempt the unusual. Be an individualist not a conformist.

**R. H. Perrine**  
**Superintendent**

Your 1960 WILDCAT is your pictorial history of the '59 - '60 school year at Welcome High School. As time goes on, it will serve as your reminder of friends, teachers, and school life.

I shall always remember and treasure the years I have spent at Welcome, as you will treasure the memories of your school days.

Our years here will never be repeated, but we may re-live those years in spirit as often as we thumb through this book.

Good luck, and happy memories to each of you.

**Russel M. Lee**

Welcome, Minnesota

Joan Abel, Pat Brandstetter, Pat Rademaker, and Billie Schuler were elected the W.H.S. Varsity Cheerleaders for the past year. However, they didn't lack experience, as they were the "B" Squad Cheerleaders during their Freshman and Sophomore years and served as Varsity Cheerleaders in their Junior year. An endless amount of time was spent practicing and thinking of new ideas in an effort to arouse the students enthusiasm and to keep the school spirit high.

For these girls, 1960 meant an end to four years of leading yells and working together. They will long remember their experience and in future years will be unforgotten in W.H.S.
